

# Play

Jesse Rutherford

Outside of the window  
Outside in the pouring rain  
I just wanna play, play  
I just wanna play, play  
Outside of the window  
Outside where I feel no pain  
I just wanna play, play  
I just wanna play, play

Ooh, I don't love you  
Oh, I love you, yeah, yeah, yeah  
Don't chase my butterflies  
Ooh, I can feel you while you across my mind  
I'm sinking, baby  
I miss you, baby, and I'd like to be by your side  
I'd like to be by your side  
I'd like to be by your  
I'd like to be by your side  
I'd like to be

Outside of the window  
Outside where I feel no shame  
I just wanna play, play  
I just wanna play, play  
Outside where I hold you (Outside)  
Outside where I can't be tamed  
I just wanna play, play  
I just wanna play, play

It's unfair if I don't get to see you while you're here  
I'm scared that I won't ever get to have you near  
The same way again, I'm missin' my friends  
It's cold and this better dodge you and then  
With me, it's what I get from wantin' to be free  
Lately, it feels like I'm not allowed to be  
Happy at all, done bein' wrong  
Always at fault, I heard a song and I cried, I cried

(Play, play)  
I'd like to be by your side (Play, play)  
I'd like to be by your (Play, play)  
I'd like to be by your side (Play, play)

I wanna play, I wanna play, I wanna play  
I wanna play, I wanna play, I wanna play today  
I wanna play, I wanna play, I wanna play  
I wanna play, I wanna play, I wanna play today  
I wanna play, I wanna play, I wanna play  
I wanna play, I wanna play, I wanna play today  
I wanna play, I wanna play, I wanna play...
