

R.I.P. OFF

Jesse Rutherford

Ay, ay
When I'm falling down, you'll make sure that it's fun
Every time, every time
Hit the bottom, oh, we fell back to the top again
That's what you'd like

I don't check the gauge on the dash
Watch me make a wave from a splash
I've never been late, that's a fact
Moving any faster, I'ma crash
Rolling like I'm stoned, paint it black
21, I had a Cadillac
Was driving 'round the homies like a cab
Now I'm flyin' round the map
And I wouldn't take it back

But I think I need a Band-Aid
Just gonna rip it off (Rip it off)
Might leave a scar if I pick it off (Pick)
Might bruise if I push it (Woo)
But it'll do if I'm looking for a Band-Aid
Just to make it stop, uh
Even though you won't get every drop
I put it on when I'm bleeding
Right there when I need it
