

Rock & Roll DJ

Jesse Rutherford

It's time to hit the road
You're staying back at home
I'm gonna miss you so
But I gotta leave
I won't be all alone
Got somewhere else to go
With me it won't be the same
But all I need is beat

So now I'm at the show,
Holding my microphone
Not up here on my own,
Trying to make them dance
New city every night,
Sold out, I'm getting by
One other member in my GarageBand

My rock & roll DJ
It's my rock & roll DJ
It's my rock & roll DJ
My rock & roll DJ

That's my DJ
That's my DJ
That's my DJ
(Rock & Roll)
