

When I'm Sad

Jesse Rutherford

Another weekend
Stuck in the deep end
Feel you breathin' down my neck
Thought about leavin'
Caught in my feelings
Isn't that just what you'd expect?

Can you love me
When I'm happy?
Say you will, but I think

You like me better when I'm sad
I don't wanna feel like that
I don't wanna feel like that
Baby, now I'm sad
Never used to feel that way
Maybe that's the real me, babe (That's the real me, babe)

Hittin' a ceilin'
Tired of reachin'
Honey, I'm at a loss for words
Lookin' for reasons
To keep believin'
Wonderin', will anything work? (Yeah)

Can you love me (Can you love me)
When I'm happy? (When I'm happy)
Say you will, but I think

You like me better when I'm sad
I don't wanna feel like that
I don't wanna feel like that
Baby, now I'm sad
Never used to feel that way (Never, no)
Maybe that's the real me, babe

You like me better when I'm sad
When I'm stuck in the past
You were all that I had back then

You like me better when I'm sad, mm
You like me better like that, but
I don't wanna feel like that, no, no
