

## Cows

Jesse Welles

Happy cows chewing and a-mooing  
Happy cows love doing what they're doing  
Happy cows possess the propensity to have a best cow friend  
How I wish it were me  
Happy cows

Now, cows got a stomach with four compartments  
Tell you what they are just in case you forgot  
You got the rumen, reticulum, omasum, abomasum  
Grass is hard to digest, and they just can't pass it up  
They like it too much

Now, a cow can see  
360 degrees  
Except the front of their nose  
They're just as blind as can be  
But a cow could smell trouble 6 miles down the road  
So, you best get a bath and scrub your smelly old toes  
Or you'll scare off the cows

Now, a cow and a calf got real milk power  
Seven gallons a day just walking 'round in the flowers  
And a cow ain't particularly literary  
But there's a big moo cow vocabulary  
A moo for joy  
A moo for danger  
Every cow's got a voice  
So, don't go mooing at strangers

Moo, moo, moo, moo, moo, moo, moo, moo

Miss me with the mad cow, sad cow, disaffected bad cow  
All I want is happy cows  
I think we got to know how green-grassing  
And big compassion for happy cows  
Let domestication  
Be your education  
No, we wouldn't be far without a good relation  
With cows
