

Don't Go Giving Up

Jesse Welles

There's a story inside the lines
Of your face
I put a few there

You do what you can but your hands
Always give it away
You really do care

I hope you know my love
I hope you know my love

Don't go giving up
Don't go giving up
This late
In the race
Don't go giving up
Don't go giving up
This late
In the race

I know you gotta go I know
That you can't stay
I am aware

I don't do enuff but I want you
To be okay
I sure do care

I hope you know my love
I hope you know my love

Don't go giving up
Don't go giving up
This late
In the race
Don't go giving up
Don't go giving up
This late
In the race

When I return to the sea
Then again with you I'll be
There's place among the stars
Where you find out who you are
I'll meet you there
