

Misery

Jesse Welles

If and you can't zoom out
And see what this whole thing's about
If and you can't
See life for what it is

What a miserable life
What a miserable world
What a misery it is

If and you're proud
Too tall to see
All we are's pretty small
If and you can't
See life for what it is

What a miserable life
What a miserable world
What a misery it is

Oh misery, oh, oh-oh
Misery, oh-oh
Misery, oh, oh-oh, oh
Misery, the kind that won't ever leave

If and you can't zoom out
And see what the whole thing's about
If and you can't
See life for what it is

What a miserable life
What a miserable world
What a misery it is
