

No Destination

Jesse Welles

Maybe Jesus was a Jedi
Get in the car
We're goin out to Cherokee nation
Well if Talequah won't fix it
We can get ya a pill at the station

I'ma walkin a long path
With no destination
Can't seem to find my
Letter of resignation

Whatever it is in me
Let it die in me
And I'll be leavin

Maybe Jesus was a dead-eye
With a pistol on his hip
Get in the ship
We're leavin
Well if I can't watch the lord of the rings in peace
What's the point in even breathin

I'ma walkin a long path
With no destination
Can't seem to find my
Letter of resignation

Whatever it is in me
Let it die in me
And I'll be leavin
Whatever it is in me
Let it die in me
I don't even wanna feel it breathin

Maybe Jesus was a wizard
Some badass aussie king gizzard rockin and rollin
All these valentinian priests are pickin on me
Row the boat ashore
We're gettin outa the Jordan

I'ma walkin a long path
With no destination
Can't seem to find my
Letter of resignation

Whatever it is in me
Let it die in me
And I'll be leavin
Whatever it is in me
Let it die in me
I don't even wanna feel it breathin

Maybe Jesus was a Jedi
I'm takin the car
Headin out to the mountains
Well if nothin's really certain
I'd rather be alone with all my doubtin

Ima walkin a long path
