

# Squirrels

Jesse Welles

Squirrels  
Squirrels runnin' round doing God knows what  
Squirrels  
You ain't ever gonna find all them nuts

All froze up in the middle of the road  
Can never decide which way to go

Squirrels  
Wrestlin' one another around  
Squirrels  
Running on a log on the ground

Rowdy little squirrel barking at me  
Telling me all about his family  
Gotta hear him out, let the guy finish  
It's a big squirrel world, we're just livin' in it

Squirrels  
Squirrels

Squirrels  
Bright-eyed and bushy-tailed  
Squirrels  
It's a wonder none a y'all ain't fail

And they get tuckered out when the sun is gone  
They'll be raising Cain at the crack of down  
I can't get no rest, not for a minute  
It's a big squirrel world, we're just livin' in it
