

# Summer

Jesse Welles

Summer!  
Summer!

I'm gonna catch me a crawdad  
Roll down the road  
Smell the rain in the air  
Say hello to a toad

Gonna slide like a turtle  
Down into the lake  
It's the time of the possum  
In there year of the snake

I'm gonna slide into summer  
Slide into summer

Summer!  
Summer!

A bug's gotta buzz  
And a frog's gotta croak  
I gotta hop in the creek  
Just to see if I float

The weather is hot  
That's the weather report  
Cry all you want  
I'ma wearing my shorts

And I'm sliding  
Into summer  
Sliding  
Into summer

Everything is wonderful when I'm with you  
I don't need a thing at all when I'm with you  
Everything is wonderful  
I don't need a thing at all  
Everything is wonderful when I'm with you

Summer!  
Summer!

Fall will be here  
Sooner than you think  
So I don't really mind  
If I turn a little pink

Turn off the news  
The future is bleak  
But I'll be a-okay  
If I stay here in the creek

And slide into summer  
Yea slide into summer

Everything is wonderful when I'm with you

I don't need a thing at all when I'm with you  
Everything is wonderful  
I don't need a thing at all  
Everything is wonderful when I'm with you

Summer!  
Summer!
