

This Age

Jesse Welles

This age
Is the same age
As every age
That's been
Nothing old

Nothing new
Just as boring
Just as strange
Just as beautiful
Nothing's changed
It's the same
Old age
We've been through

Jacky
Hold my gun
Make me beautiful
This is once
Let me honor
The pain
I been through

You said everything
Is everything
Nothing ceases
Or begins
Then tell me why
This pain
Feels brand-new

This age
Is the same age
As every age
That's been
Nothing old
Nothing new
Just as boring
Just as strange
Just as beautiful
Nothing's changed
It's the same
Old age
We've been through
