

# Wheel

Jesse Welles

I'm trusting all the apples to grow on trees  
Yeah I believe in them, do they believe in me?  
I don't know  
I hope so  
If a minute's a place  
And a moment's a gift  
Then a while's a time too heavy to lift

Wheel keeps spinning on  
Turn and turn me on  
Wheel keeps spinning on  
Turn and turn me on  
Wheel keep turning  
I'll keep learning  
I keep on spinning on

I'm trusting all the planets to know their math  
To know their way along the path  
I don't know  
I hope so  
Seems like every calendar's a slice of cake  
Where you get a little more  
The less you take

Wheel keeps spinning on  
Turn and turn me on  
Wheel keeps spinning on  
Turn and turn me on  
Wheel keep turning  
I'll keep learning  
I keep on spinning on

Everything you see  
And everything you touch  
It is what it is, babe  
It's gonna have to be enough

I got hope in all the rivers to flow today  
To go along, along their way  
I don't know  
I hope so  
I'm living for the hope I won't be abridged  
By anything there was  
By anything that is

Wheel keeps spinning on  
Turn and turn me on  
Wheel keeps spinning on  
Turn and turn me on  
Wheel keep turning  
I'll keep learning  
I keep on spinning on
