

# God, If I Could Only Write Your Love Song

Jessi Colter

[Chorus]

God if I could only write your love song  
I would leave it here on earth so you could hear  
I know you hear my words you hear my music too  
Could it be you'd like to hear me loving you

[Verse]

Your song's in me and what I see should be the beautiful  
Your song's in me and what I hear should be the pure  
And in my heart you wrote the tend'rest melody  
And at my feet you've laid your gift of love

[Chorus]

[Outro]

God if I could only write your love song
