

# That's The Way A Cowboy Rocks And Rolls

Jessi Colter

You can find him in a dance hall Saturday night  
Listening to the music and drinking beer  
He'll dance and hold the lady's hand  
And whisper pretty things in their ears  
But they know he's easy come and easy go  
'Cause that's the way a cowboy rocks and rolls

Cowboy ride on forever  
You know there's good times waiting on down the road  
Cowboy ride on forever  
Life is just one big old rodeo

He can here a lonesome song and start to cry  
Sometimes his heart's too big for his own good  
But it sure ain't hard to make him want to fight  
And he won't stop until he's understood  
Drivin' pick up trucks at different stores  
That's the way a cowboy rocks and rolls

Cowboy ride on forever  
You know there's good times waiting on down the road  
Cowboy ride on forever  
Life is just one big old rodeo
