

## You Hung The Moon (Didn't You Waylon?)

Jessi Colter

You did hang the moon, didn't you Waylon?  
You did hang that moon, didn't you Waylon?  
Weren't you the one they called the seventh son?  
You did hang the moon, didn't you Waylon?

You take so many words and bring them all home with one  
You walk into my room and it lights up like the sun  
Each step you take leads a way for someone  
And I know you'd never do love wrong

You did hang the moon, didn't you Waylon?  
You did hang that moon, didn't you Waylon?  
You were the one they call the seventh son  
You did hang the moon, didn't you Waylon?
