No Lowkey

Jessi

Hot, sicker than your average
I go big flick, flick on the cameras
Spend guap till I drop, so careless
And everything I rock from Paris

Ohh I'm so bad, I'm so bad
I got bags, I pop those tags
I stay pimpin in the back of the black
Tell these bitches to get off my sack

Life's so sweet, penthouse when I'm chillen
You ain't gotta feel it, only few know the feelin
Lord willin, Pharrell my chrome spinnin'
Cruisin down fifth, all my bitches top billin

Heres a t.i.p bitch you don't know me
I'm on my high fashion, me not lowkey
Me so horny, but me no doumi
If it ain't about the money, hoe, please don't call me

Zoom in, yea I do my dance
Zoom out, I know you see that ass
Yungin threw me a no look pass
Now it's go time no brakes all gas

Copped a new Benz still got no class
When I dash to the cash yea I'm quicker than flash
Telemundo ballin I'm globetrottin
They'll remember me forever these bitches get forgotten

Hot, sicker than your average
I go big flick, flick on the cameras
Spend guap till I drop, so careless
And everything I rock from Paris

Ohh I'm so bad, I'm so bad
I got bags, I pop those tags
I stay pimpin in the back of the black
Tell these bitches to get off my sack

I can't really tell, oh you a bad bitch?
All these boys up on my DM's but they catfish
Money make my pussy speak Spanish
I do not fuck around with no average

I like all the girls that are savage
Boss bitch with a habit
Don't speak if ain't bout cabbage
Go low key cuz my shit private

I be ghostin' in Paris
Stressed more than they can manage
Fuck with me its an advantage
Fuck with you to me it's damage
