

## Put It On Ya

Jessi

If you really wanna party with me  
Put all your hands where my eyes could see  
And I'ma put it on ya  
I'ma put it on ya  
Show me that stuntin' ain't nothing  
Ice cubes in my drink we be clubbin' (we be clubbin')  
Ooh baby, know you want this good lovin'  
Ain't no frontin' just keep it one hundred  
I'ma put it on ya

Ugh, always doing big things  
Ugh, feelin' higher than the Sistine  
Ugh, in the club all eyes on me  
No cap thick booty thick thighs on me  
Ay, celebrate like my birthday  
We be sippin' champagne cause we thirsty  
I ain't really tryna stress about my workday  
Now give me this now give me that  
I want everything

Aye ya ya ya  
Everybody tryna take a piece of my pie  
Aye ya ya ya  
Bottles up high throw the cash in the sky

If you really wanna party with me  
Put all your hands where my eyes could see  
And I'ma put it on ya  
I'ma put it on ya  
Show me that stuntin' ain't nothing  
Ice cubes in my drink we be clubbin' (we be clubbin')  
Ooh baby, know you want this good lovin'  
Ain't no frontin' just keep it one hundred  
I'ma put it on ya

Hands on me like she got the badge  
Got that make her wanna get wifed up' type vans  
She lookin' back while she do her lil dance  
Tryna feel what I'm packin' put it on me like damn

Shawty throw it up buss it down  
Dive in it don't mind if I drown  
I'm the man, ten toes on the ground  
If it's bout the hustle or the pussy I don't play around

Aye ya ya ya ass fat want a piece of that pie ya ya  
Tell me what you need and I'll supply ya ya  
Put it on you guarantee I'll satisfy ya ya
