

Spirit Animal

Jessi

(Oh my God, oh my God, oh my God, is that Jessi?)
(Oh my God, yo, I fuckin' love that bitch)
(Like seriously)
(She's like my spirit animal)

I'm all about the moolah
Earrings like a hula
Jessi from the block
Homie, don't believe the rumors
I treat you like my junior
The oppas call me nuna
They starin' at my tatas
No worries, hakuna

See me on Running Man
And takeover the show
Pull up on Show Me the Money
Take your chain and your dough
Before I showed up on TV
Women ain't know how to flow
I gave the country a makeover
Bitches, I'm in control

Who you callin' unpretty?
Ya girl run cities
They gave me second place
How am I still winning
Who you think you kidding
I'm a lion you a kitten
Just saying what you thinkin'
Let me guide you, baby girl (Like)

(One) Learn the game, huh
(Two) Go and slay, huh
(Slay) All my down girls
(Down) We going way up

If you want that unnie money
Better save up
Love your haters
Let it motivate ya
Motivator, motivator
Love your haters
Let it motivate ya
Motivator, motivator
Go and get it, girl
What are you afraid of?

Killin' all the male competition
I'm a widow
I got all the men
On a leash like a jindo
I'm a sex symbol
In a stretch limo
Tiny little girl
But the voice is heavy metal

Shout out to my jeebies
They hold me down heavy
Always keep an eye
Out for me like Fetty
Shout out to New Jersey
They knew me mad early
I made it in the motherland
It's been a long journey

Wait me, plastic? Hmm
I'm fantastic
My momma says I'm pretty
Yo momma she a fan, bitch
Blonde hair, tight body with a tan
Let me break it down for you
Help you understand
