Ima love if you won't  
Ima love Ima love when I see you

I never ad a plan to plant the seed  
I just followed the rhythm of my heart  
And went with the beat  
I don't even know what's coming for me next  
Right behind the hill  
But I just went and climbed that bitch  
Like I'm Jack and Jill  
I first found my love for this in the church choir  
Was only 11 playin' the piano, didn't think I'd get far  
Ma mama said one day u gonna be a star  
And that's all I needed to hear  
I left my hometown with a dollar and a dream  
I gathered my courage and crossed the pacific

At the age of 15  
Far from home  
Landed in the motherland thinkin' it'd be better  
Just to find out  
I'm living in a cold world with a thin sweater  
Summers hot as hell but still it got me freezing  
Alone in my room asking where I am but nobody knows  
Don't worry ma, told you I was cool  
Those white lies were for you

Everyday I see the stars  
Shining bright into my life  
Oh yeah, oh yeah  
Fought this battle on my own  
Found my strength in love I feel  
Everything I do is real for you  
For you

Environment changed  
Everyday a new experience  
You think my Korean's bad now?  
You should've heard me back then, that shit was serious  
I thought they were strange  
But they thought I was stranger every time I passed by  
But still  
I just did me and walked around with my head up high  
You can see the contrast; my tan skin, my hair light  
And plus my gold hoop rings make me shine bright  
Torn jeans yeah that's my design down to every stitch  
I refuse to be fake I'd rather be that bitch  
You could blame it on the CDs my brother bought me  
Lauryn hill, yoon mirae and the new Ashanti  
Road to success but my vision foggy  
Thought the rain would never stop  
But my brothers changed the forecast  
My daddy bought me my first car  
And my drive is what got me far  
Yeah, I know I ain't perfect  
Made a lot of mistakes thus far  
If I had to do this all over again, there'd be no other way  
I'll never change this is Jessi everyday

Everyday I see the stars  
Shining bright into my life  
Oh yeah, oh yeah  
Fought this battle on my own  
Found my strength in love I feel  
Everything I do is real for you

Love if you love  
Ima love if you don't  
Ima love if you won't  
Ima love Ima love when I see you
