Even if you don't try that hard to know
If you know, you know, they already know
Gossip gossip, as if it's the truth
As if that's everything, they all talk

I have no desire to adjust myself
To people I'm uncomfortable with, I'll just be a bitch
TV, variety, ads, pictorials, album
Concerts, events, tours, I'm a busy body

Wherever I go in the world
I never lack anything as an Asian woman
