

## Be Here Now

JESSIA

I don't know if I am happy with anything anymore  
I'm not complaining, I'm just a bit unsure  
About who I am, where I stand, when does my part fit in  
Seems like everybody's falling in love with their path  
And I'm hesitating and building my tracks  
If somebody else tells me just to relax

I wish it was that easy to shut it all off  
I wish it was that simple to know I'm enough  
I wish I could pretend that I'm doing it  
And I'm not wrapped up and I'm losing it  
When I'm out with my friends I'm not really though  
I'm just waiting for my dreams to call up my phone  
I can't keep this up, I'm original  
And it's killing me more than you know

I just want to be here now  
Cause I know that I can be here now

Maybe I should be more open about it but don't get me started  
Cause once in my head it's kind of a mess  
I'm trying to clean  
Don't know what I should keep

I wish it was that easy to shut it all off  
I wish it was that simple to know I'm enough  
I wish I could pretend that I'm doing it  
And I'm not wrapped up and I'm losing it  
When I'm out with my friends I'm not really though  
I'm just waiting for my dreams to call up my phone  
I can't keep this up, I'm original  
And it's killing me more than you know

I just want to be here now  
Cause I know that I can be here now

I don't want to be fake, unoriginal  
Trying to keep up with all these decisions now  
I just wanna be here now, be here now  
I just wanna be here now  
And I wanna stay for a minute now  
Cause I just want 60 seconds for myself  
I just wanna be here now, be here now  
I just wanna be here now
