

He's A 10

JESSIA

He's a 10
But he still lives at home with his mom
He's had 9 interviews
But he can't get the job
He's got 8 little texts from 7's you don't know
And he's 6 foot 5 but it doesn't show
Oh his 4 you page is all TnA
And his 3 best friends keep forgetting your name
This 2 face boy really thinks he's a man
You should've just left him as a 1 night stand

Listen
I don't wanna be rude
But I love you and I just want the best
But this guy's not the dude
I understand that it's hard to resist
Those abs that smile
Is that really your type
Don't even care if he's not treating you right
Listen
I don't wanna be rude
But I gotta be real with you

He's a 10
But he still lives at home with his mom
He's had 9 interviews
But he can't get the job
He's got 8 little texts from 7's you don't know
And he's 6 foot 5 but it doesn't show
Oh his 4 you page is all TnA
And his 3 best friends keep forgetting your name
This 2 face boy really thinks he's a man
You should've just left him as a 1 night stand

Look
I know attention is nice but you're hotter than hell
And he's got you on ice
You shouldn't be this confused
Baby if I was you
I'd be running from
Those abs that smile
Everything that you like
It's not enough
He won't have it for life
Look
I don't wanna be rude but I gotta be real with you

He's a 10
But he still lives at home with his mom
He's had 9 interviews
But he can't get the job
He's got 8 little texts from 7's you don't know
