

# One Before The One

JESSIA

Would've been really cool to love you  
If you'd given me the chance  
Instead you strayed me along for 6 whole months  
Like I'm some kind of experiment  
Would be you really good to know you know  
What's that version like  
Does he ever look back  
Does he ever feel bad for leaving me behind

It's like I almost get it then somehow  
I fuck it up and lose it  
I don't really think I'm the problem  
But I've got no way to prove it

So go ahead and break my heart and  
Never finish what we started  
Like I'm good until I'm not  
When your training wheels come off  
I'm having trouble getting past this  
I'm only perfect if I'm practice  
Just slightly not enough  
Always the one before the one

Maybe this is just my purpose  
To make you realize  
Exactly who and what you want  
That must be nice to find

It's like I almost get it then somehow  
I fuck it up and lose it  
I don't really think I'm the problem  
But I've got no way to prove it

So go ahead and break my heart and  
Never finish what we started  
Like I'm good until I'm not  
When your training wheels come off  
I'm having trouble getting past this  
I'm only perfect if I'm practice  
Just slightly not enough  
Always the one before the one

I see your photos on the internet  
Yeah, he's got the same face but he's not the same man  
I can't help but think that I could have had a life with that  
Cause  
I'm having trouble getting past this  
I'm only perfect if I'm practice  
Just slightly not enough  
Always the one before the one
