

When We Get There

Jessica Andrews

Baby, let's break it down to basics
I'm crazy 'bout you, you crazy 'bout me
I don't know why, don't know why, don't know why
We make it harder than it has to be, inevitably

What's up with all these expectations?
Doing this things we're supposed to do
I don't know why, don't know why, don't know why
We don't make up our own moves
We got nothing to prove

Baby hawk that diamond ring
We'll buy some roadmaps and some gasoline
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there

Come on honey, what's the hurry?
You're not ready and neither am I
I don't know why, don't know why, don't know why
It's always do-or-die, oh
We got the rest of our lives

Baby hawk that diamond ring
We'll buy sombreros and some jumping beans
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there
When we get there

We don't have to be gone long
Let's get going-going-gone
Look at that moon up in the sky
We could just, oh we could just fly

Baby hawk that diamond ring
We'll buy some [?] city figurines
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there
Baby hawk that diamond ring
We'll buy a blanket and some sunscreen
And we'll take a drive, take a ride, by my side
We'll figure out just where when we get there
When we get there
