

best friends with your girlfriend

Jessica Baio

[Verse 1]

I won't lie, you almost had me for a minute
You had something good, so why'd you pull me in it?
You were talkin' about, what we could become
But then I heard it from someone
That you were together
So I'm gonna tell her

[Pre-Chorus]

'Cause she's everything you don't deserve
Tell me, where'd you get the nerve?
Should've kept what you had first

[Chorus]

Now I'm gonna be best friends with your girlfriend
'Cause you're a dirtbag and she's perfect
And it's messed up, was it worth it?
I hope it hurts when
We start hangin' out and talkin' 'bout
How you told jokes that aren't funny
Now she's so much better off
'Cause she's got me and you've got nothin'
Gonna be best friends with your girlfriend
Yeah, I'm gonna be best friends with your girlfriend

[Verse 2]

We're gonna talk about how you're so bad at kissin'
And it's kinda sad you didn't know what you'd be missin'
And on the phone, we'll talk for hours
While you're alone, such a coward
She could do better
So I'm gonna tell her

[Chorus]

Now I'm gonna be best friends with your girlfriend
'Cause you're a dirtbag and she's perfect
And it's messed up, was it worth it?
I hope it hurts when
We start hangin' out and talkin' 'bout
How you told jokes that aren't funny
And now she's so much better off
'Cause she's got me and you've got nothin'
Gonna be best friends with your girlfriend
Yeah, I'm gonna be best friends with your girlfriend
Yeah, I'm gonna be best friends with your girlfriend
Yeah, I'm gonna be best friends with your girlfriend
