

cycles

Jessica Baio

[Verse 1]

Why'd you text me when you had a bad day?
At least you reached out when it was my birthday
In the worst way
(Mm-mm-mm-mm, mm-mm-mm)
Try to catch you every time you're falling
Talking 'bout things that I shouldn't be involved in
In the first place
(Mm-mm-mm-mm, mm-mm-mm)

[Pre-Chorus]

Same story (Story), repeating
Don't know if (Don't know if) I-I-I-I
Can keep being your healing (Your healing, healing, healing)

[Chorus]

I don't wanna keep living in cycles, the world keeps spinning
And I don't know how we ended up here
And I might fall tryna stay up on this tight rope, suffocating
I can't keep breathing in this atmosphere

[Post-Chorus]

I'm done living in cycles
I'm done living in cycles
(Cycles, cycles, cycles, cycles, cycles, cycles, cycles)

[Verse 2]

I'm on a defense when
You let me in on your secrets, and
I care about all your feelings
But I'm not your therapist (Ah-ah-ah, ah-ah-ah-ah)
And I don't wanna sound full of me, but you know it takes a toll on me
When you reverse the rolls on me, and I'm hanging by a thread

[Chorus]

I don't wanna keep living in cycles, the world keeps spinning
And I don't know how we ended up here
And I might fall tryna stay up on this tight rope, suffocating
I can't keep breathing in this atmosphere

[Post-Chorus]

I'm done living in cycles (Cycles)
I'm done living in cycles (Cycles)

[Bridge]

Same story, repeating (Repeating, repeating)
Same story, repeating (Repeating, repeating)
Same story (Story), repeating
Don't know if (Don't know if) I-I-I-I
Can keep being your healing (Your healing, healing, healing)

[Chorus]

I don't wanna keep living in cycles, the world keeps spinning
And I don't know how we ended up here
And I might fall tryna stay up on this tight rope, suffocating
I can't keep breathing in this atmosphere

[Outro]

I'm done living in cycles (Cycles)
I'm done living in cycles (Cycles)
