

every version

Jessica Baio

[Verse 1]

Give me five 'cause I need a minute
To get me right to see your point of view
Before I speak my mind, the words never lose
Let's compromise, it takes more than wishing
To leave my pride without feeling bruised
But we speak our mind, I'm confident with you
(I'm confident with you)

[Pre-Chorus]

Even though we knew we'll change, I'm not gonna fight it
'Cause even in the new, we'd find a silver lining

[Chorus]

Feel it in my heart, you and me are worth it
But there will be days where we're far from perfect
Even if you wake up a different person
I'm gonna love you through every version

[Post-Chorus]

Mm, mm, mm, mm
I'm gonna love you through every version
Mm, mm, mm, mm
I'm gonna love you through every version

[Verse 2]

You lose your way, I'll be your direction
When it hurts like hell, We'll make our own heaven
To find a place where is just me and you (Just me and you)
You're who I prayed who will find a way into my life
I never knew I wanted you
Every inch of you is made by design
It was always you

[Chorus]

Feel it in my heart, you and me are worth it
But there will be days where we're far from perfect
Even if you wake up a different person
I'm gonna love you through every version

[Post-Chorus]

Mm, mm, mm, mm
I'm gonna love you through every version
Mm, mm, mm, mm
I'm gonna love you through every version

[Bridge]

Even though we knew we'll change, I'm not gonna fight it
'Cause even in the new, we'd find a silver lining

[Outro]

Feel it in my heart, you and me are worth it
But there will be where we're far from perfect
Even if you wake up a different person
I'm gonna love you through every version
