i don't even think about you

Jessica Baio

[Intro]
Ta, ta-da, ta-da
Ta, ta-da, ta-da

[Verse 1]
Oh, wow, see the ants on the ground
Never wonder what they're thinking, what they're thinking about
Oh, wow, but I guess I know now
'Cause you're all over the city, and you're running your mouth

[Pre-Chorus]
You must think you're so damn important
Spreading all these lies I'm ignoring
Thinking you're the heart of my focus
Know you're sayin' I'm obsessed, but

[Chorus]
I don't even think about you
I don't really care about you
I don't give a heck what you do, 'cause
I don't even think about you
I don't even think about you
'Til you come and mess with my mood, like
Gum on the sole of my shoe, yeah
I don't even think about you

[Post-Chorus]
'Bout you, 'bout you
'Bout you, 'bout you, mm
'Bout you, 'bout you
'Bout you, 'bout—

[Verse 2]
I feel empathy for you wastin' all your energy
Tryna making me your worst enemy
But I'll never be 'cause I'll never care enough
But I wanna give some advice
Why don't you go get a life? 'Cause

[Chorus]
I don't even think about you
I don't really care about you
I don't give a heck what you do, 'cause
I don't even think about you
I don't even think about you
'Til you come and mess with my mood, like
Gum on the sole of my shoe, yeah
I don't even think about you

[Post-Chorus]
'Bout you, 'bout you
'Bout you, 'bout you, mm
'Bout you, 'bout you
'Bout you, 'bout you, mm
'Bout you, 'bout you (I don't care 'bout you)
'Bout you, 'bout you, mm
'Bout you, 'bout you, mm

```
'Bout you, 'bout you

[Pre-Chorus]
You must think you're so damn important
Spreading all these lies I'm ignoring
Thinking you're the heart of my focus
Now you're sayin' I'm obsessed, oh, boy (Boy, I)

[Chorus]
I don't even think about you
I don't really care about you (You)
I don't give a heck what you do, 'cause
I don't even think about you ('Bout you)
I don't even think about you (Ooh-ooh)
'Til you come and mess with my mood, like
Gum on the sole of my shoe, yeah
I don't even think about you

[Post-Chorus]
'Bout you, 'bout you
'Bout you, 'bout you, mm
'Bout you, 'bout you
'Bout you, 'bout you, mm
