

lethal

Jessica Baio

[Verse 1]

You didn't think I'd catch on
You keep secrets but I see it
I'm not playing your games
You might've fooled 'em all but I still know ya
I know you tell 'em I'm wrong
Psychotic, you're toxic
You're the one who's insane
They don't see the side of you that I do

[Pre-Chorus]

Sticks and stones don't shatter souls like you do
You're another breed, you like to make 'em bleed

[Chorus]

You're so lethal
Who clipped your angel wings?
You're so damn evil
At the end of a long line of broken people
Your lies could cut through diamonds, cold as ice
'Cause you're so lethal
You're so- (Huh)

[Verse 2]

Full of sh**
You play so virtuous while
Actin' like a di-srespectful person (A disrespectful person)
I know your motive, I know what's in your brain
You're just tryna keep control 'cause you're really afraid
You might be seen for what you really are

[Pre-Chorus]

Sticks and stones don't shatter souls like you do
You're another breed, you like to make 'em bleed

[Chorus]

You're so lethal
Who clipped your angel wings?
You're so damn evil
At the end of a long line of broken people
Your lies could cut through diamonds, cold as ice
'Cause you're so lethal
(You're so lethal)
You're so-

[Bridge]

Good with your poison
Don't care who you hurt, you take and take
Sucking 'em dry with every lie you fabricate
I swear you get off on the pain

[Chorus]

You're so... lethal
Who clipped your angel wings?
You're so damn evil (So damn evil)
At the end of a long line of broken people
Your lies could cut through diamonds, cold as ice

'Cause you're so lethal
(Mm-mm, you're so, you're so lethal)
You're so-
[Outro]
(Oh, oh, oh)
(Oh-oh, oh-oh, oh-oh-oh)
Mm-mm-mm-mm
Mm-mm-mm, mm
