

Bible Days

Jessica Lea Mayfield

God is punishing someone you love
He would've gone too far if He were anyone else
You say your prayers then you do it yourself
You say God is testing us, and I have failed

Well I don't wanna be tested by God or anyone else
With blasphemy so heartfelt
I wish death upon someone else
That girl she died
For doing me wrong
Her mother should've cried
Well I don't wanna be tested by God or anyone else

Get thee behind me Jesus
I'm tired of searching for truth
Get thee behind me Jesus
I've given up on you

I've loved with my heart
I really do
And in the dark
It's light shines through

Sometimes I wanna behave like I live in the Bible days
