

## Sorry Is Gone

Jessica Lea Mayfield

I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone

Can't understand the way you feel  
It's safe to say I've never tried  
Help me forget what I've done wrong  
So I can do whatever I want

Leave me alone, but I want you with me every minute  
Leave me alone; I'm safe at heart

But I deserve to occupy this space without feeling like I don't  
belong  
I'm done excusing myself:  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone

It's nice to have a guy around  
For lifting heavy things and opening jars  
Should we really let them in our beds?  
Chain 'em to a little house outside

Getting rid of you, but I don't want to  
Getting rid of you, but I don't want to  
Getting rid of you, but I don't want to

I'm alright with being lonely; I'm okay with being alone  
So over feel sorry for myself  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone  
I'm sorry, I'm sorry, but sorry is gone
