

We've Never Lied

Jessica Lea Mayfield

kiss me like you love me, i'll pretend we've never lied
cause we both have our demons crawling around inside

and i'll hold you like i want you to hold me
and i'll talk to whoever i god damn wanna
oh i'll talk to whoever i wanna

oh the world is moving fast but i hardly move at all
i'm standing here beside ya with my back against the wall
and i'll kiss you like i want you to kiss me
and i'll talk to whoever i god damn wanna
oh i'll talk to whoever i wanna

baby i see us going nowhere
i'm happier when i'm alone, oh dear
don't look at me like that
