

## Wish You Could See Me Now

Jessica Lea Mayfield

If everyone would talk about it  
No one would be ashamed  
Got a purse full of pills  
But they're all in my name

I'm a good girl now  
Won't hand them out  
I'm a good girl now  
Won't hand them out

[Chorus]

I wish you could see me now  
But no one can see me now  
I wish you could see me now  
But no one can see me now

It's me - on the other side of everything  
I'm a good girl now  
I can hardly stand it  
I'm a good girl now  
Won't do it again

[Chorus] x2

I wish you could see me now  
But no one can see me now  
I wish you could see me now  
But no one can see me now
