

The Best Gift

Jessica Lowndes

Sleigh bells ring loud
Hear the carolers caroling
The trees outside
Filled with lights are twinkling

This year don't want anything for Christmas
You are all that I need

Give me snowflake wishes
Lots of Christmas kisses
Just you and I
And a clear winter sky
Let's dance a while
We'll laugh and smile
You'll always be
The best gift to me
The best gift to me

Hearts filled with love
Hear the fire crackling
Snow falls above
Fresh, new, and sparkling

This year don't want anything for Christmas
You are all that I need

Give me snowflake wishes
Lots of Christmas kisses
Just you and I
And a clear winter sky
Let's dance a while
We'll laugh and smile
You'll always be
The best gift to me
The best gift to me

There's magic in the air
Whenever you are near
Every day I'm with you
Is the best time of the year

Snowflake wishes
Lots of Christmas kisses
Just you and I
And a clear winter sky
Let's dance a while
We'll laugh and smile
You'll always be
The best gift to me
The best gift to me
