Do-do (Woo)  
Do-do-do-do-do (Woo)

Move for me, baby  
Say I'm your only lover, yeah  
And if you're gonna cruise with me, baby  
Tell me there ain't no other, oh, yeah

I only got so much time  
So don't you be wasting mine, don't you do it, ooh  
If you're fallin' behind then you're just messin' my vibe  
You can lose it

It's automatic, hands free, babe  
Pump the gas and don't hit the brakes  
Locked and loaded, I love the gain  
Hit the metal and drive me away  
It's automatic, hands free, babe  
Pump the gas and don't hit the brakes  
Locked and loaded, I love the gain  
Hit the metal and drive me away

Reachin' a hundred, I'm only goin' faster, yeah  
Don't be scared, take my hand  
When you're with me, nothin' gon' matter, yeah

I only got so much time  
So don't you be wasting mine, don't you do it, ooh (Don't you do it, baby)  
If you're fallin' behind, then you're just messin' my vibe  
You can lose it  
(C'mon)

It's automatic (Yeah), hands free, babe  
Pump the gas and don't hit the brakes

Come and wrap your arms around me, baby (Yeah)  
I'm your controller (Yeah), you know what I want, yeah  
You drive me so easily

It's all automatic, baby, yeah  
And I love it when I'm hands free (And I love it, yeah)  
Locked and loaded (Locked and loaded)  
Are you ready? (Hit the metal and drive me away)
