

## Get Back Up

Jessica Mauboy

I know you don't think you're good enough  
You don't think you deserve any love  
Darling I know 'cause I've been here before  
You just can't take it no more

Feels like the longest night alone  
You're thinkin' the morning might not come  
I know you wanna give up  
And right now it's falling apart  
But this is when you get back up  
This is when you get back up  
This is when you get back up  
This is when you get back up

You say you don't think you can go on  
But it's always darkest just before the dawn  
Darling I know 'cause it's happened to me  
And it took me so long to see

Feels like the longest night alone  
You're thinkin' the morning might not come  
I know you wanna give up  
And right now it's falling apart  
But this is when you get back up  
This is when you get back up  
This is when you get back up  
This is when you get back up

There must be some way to set fire to your heart  
Everything changes then you've come too far to give in to this  
You can't give in to this

Feels like the longest night alone  
You're thinkin' the morning might not come  
I know you wanna give up  
But right now it's falling apart  
Yeah this is when you get back up  
This is when you get back up  
This is when you get back up  
This is when you get back up  
This is when you get back up
