

Sea Of Flags

Jessica Mauboy

All of the colors here connecting
Into the wild we go hand in hand
Making our way on a million journeys
Searching our hearts for a pot of gold

Dancing through an ancient dreaming
A carnival of light reflecting
A world together in a higher love

A sea of flags
So beautiful
Will lift me up into the sky
And guide me home
The southern stars
Over golden sands
Our crazy hearts have come as one
In a sea of flags

Got enough love to last the winter
Feeding our souls with a thousand strings
Playing the tune of an endless summer
Celebrate til we all got wings

Dancing through an ancient dreaming
A carnival of light reflecting
A world together in a higher love
A sea of flags
So beautiful
Will lift me up into the sky
And guide me home
The southern stars
Over golden sands
Our crazy hearts have come as one
In a sea of flags

Yeah, yeah
Oh, hope is in our hands
Yeah
Oh, hope is in our hands, oh

All of the colors here connecting
A sea of flags
So beautiful (so beautiful)
Will lift me up into the sky
And guide me home
The southern stars (southern stars)
Over golden sands (golden sands)
Our crazy hearts have come as one
In a sea of flags (in a sea of flags)
