

# Selfish

Jessica Mauboy

Tell me your out, out with your friends  
I'm waiting up  
Don't really like that feeling  
Nobody like's that feeling  
I called your phone, you turned it off  
So I called your friends  
Don't wanna be a burden  
Don't wanna be that person that constantly calls

All night, lying in my bed daydreaming  
Thinking 'bout your body next to mine  
All night, counting down every minute  
I'm trying to play it cool but I won't lie

I really want your lovin' tonight  
You not here is killing my pride  
Just come over tell me you only want me by your side  
I really need your lovin' tonight  
Nobody else can make it alright  
Just hold me and swear you'll never let me go  
I want you to myself  
Want you to myself  
Just hold me and swear you'll never let me go  
I want you to myself

Don't waste my time  
I do not lie  
Throw in the dice  
I'm guessing what you're saying  
I like the games you're playing  
'Cause when we're alone you can't let go  
You whisper to me  
I like the way you're feeling  
You've never felt this feeling for someone before

All night, lying in my bed daydreaming  
Thinking 'bout your body next to mine  
All night, counting down every minute  
I'm trying to play it cool but I won't lie

I really want your lovin' tonight  
You not here is killing my pride  
Just come over tell me you only want me by your side  
I really need your lovin' tonight  
Nobody else can make it alright  
Just hold me and swear you'll never let me go  
I want you to myself  
Want you to myself  
Just hold me and swear you'll never let me go  
I want you to myself  
Want you to myself  
Just hold me and swear you'll never let me go  
I want you to myself

I want I want yeah  
You to myself yeah  
I want I want yeah

I want you to my  
I want I want yeah  
You to myself yeah  
I want I want yeah  
I want to give you lovin' tonight

You not here is killing my pride  
Just come over tell me you only want me by your side  
I really need your lovin' tonight  
Nobody else can make it alright  
Just hold me and swear you'll never let me go  
I want you to myself  
Want you to myself  
Just hold me and swear you'll never let me go  
I want you to myself  
Want you to myself  
Just hold me and swear you'll never let me go  
I want you to myself
