

Jacquelyn in the Background

Jessica Pratt

Linger through the night
I look so long, I can't find
Another friend like you; you and I

If you just can't find the words to tell
Let me say that I know you well
Deep inside your lonely room
I try tell you but never get too far

Oh, Jacquelyn, I see you coming through
See the changes in your smile
In the background, you're changing colors now
Leave your bad news for a while

Drifting through the day
I look so long, I can't say I've
Found another friend like you; you and I

If you just can't find the words to tell
Let me say that I know you well
Deep inside my lonely room
I cry the tears of never knowing you

Oh, Jacquelyn, I see you coming through
See the changes in your smile
In the background, you come in colors now
Leave your bad news for a while

If you just can't find the words to say
I never thought of it that way
But I can't see nobody, I can't tell
I can't see nobody
