

Fade

Jessica Simpson

You can always say you love me
That doesn't mean that I feel loved
There's a green light in the distance
And all your words become too much

Well I won't repeat this history
The kind I've seen times before
Here's the part, I should say I miss you
But I think you'll miss me more

Oh, oh, oh
You can just wait on me
I won't be around
Watching you fade on me
Your words mean nothing now

Oh fade
On me
But I won't be around

I have way too good a memory
I have no more heart to break
You're as empty as your promise
Go sleep alone in the bed you made

I been way too optimistic
Now it's all taking a turn
They're gonna talk, but it's not their business
The stars align and sometimes burn

Oh, oh, oh
You can just wait on me
But I won't be around
Watching you fade on me
Your words mean nothing now

Oh fade
On me now
And I won't be around

I'll leave behind all your mistakes

I want my heart to feel held safe
I know that home is a feeling
And not a place
Oh, there won't be a next time
Cause I won't break

You can just wait on me
I won't be around
Watching you fade on me
Your words mean nothing now

You can just wait on me
But I won't be around
Watching you fade on me
Your words mean nothing now

Oh fade
On me now
But I won't be around
