

# Fearless

Jessica Simpson

Stop me when I start to think  
Too much about what's happening  
Cause I'm not afraid and I don't know why  
There are questions that need answering  
But for now I wanna let it be  
If I never fall, I'll never learn to fly

Knowing you believe in me  
Is all I need

Holding on to you  
My heart lets go  
I'm out of body but I'm in control  
and I know I can be fearless  
There's nothing that I can't do  
Standing on the edge I'm not afraid  
Something that I feel but I can't explain  
Cause I know I can be fearless  
Fearless, with you

You opened up my eyes to see  
With my doubts and insecurity  
Out of anything, I've never been as sure  
hesitation ends, when love begins  
so I'm throwing caution to the wind  
let it blow away the clouds I saw before

Knowing you believe in me  
Is all I need  
Holding on to you  
My heart lets go  
I'm out of body but I'm in control  
and I know I can be fearless  
There's nothing that I can't do  
Standing on the edge I'm not afraid  
Something that I feel but I can't explain  
Cause I know I can be fearless  
Fearless

I can jump into the deep end  
Stare into the sun  
And I'll never be alone again  
Cause I love someone

Holding on to you  
My heart lets go  
I'm out of body but I'm in control  
and I know I can be fearless  
There's nothing that I can't do  
Standing on the edge I'm not afraid  
Something that I feel but I can't explain  
Cause I know I can be fearless  
Fearless, with you
