

Savage

Jessica Simpson

Verse 1

I wanna crawl into the depths of you
I wanna fight until we find the truth
I'm not afraid to go there
I wanna shake the earth beneath your feet
And I'll release the words that hurt your teeth
I'm not afraid to go there

Chorus

This is the way I gotta have it
Rope that lasso 'round your planet
Reach right through your metal jacket
I'll make love to the damage and I'll be a savage for you

Post-Chorus

La-la-la-la-la, la-la-la-la-la
La-la-la-la-la, la-la-la-la-la

Verse 2

You hide your secrets right behind your tongue
And there's a shadow side in everyone
Breathe out the air you're holding on to
Through the rain, I'll fight the battle
Break free, unravel

Chorus

This is the way I gotta have it
Rope that lasso 'round your planet
Reach right through your metal jacket
I'll make love to the damage, and I'll be a savage for you

Post-Chorus

La-la-la-la-la, la-la-la-la-la
La-la-la-la-la, la-la-la-la-la
La-la-la-la-la, la-la-la-la-la
La-la-la-la-la, la-la-la-la-la

Bridge

I'll chase away the giants
Unwire the way you're wired
Let me slow you down, down, down

Chorus

This is the way I gotta have it
Rope that lasso 'round your planet
Reach right through your metal jacket
This is the way I gotta have it
I'll be your echo in the canyon
All that pain that you've abandoned, yeah
I'll make love to the damage and I'll be a savage for you

Outro

La-la-la-la-la, la-la-la-la-la
A savage for you
La-la-la-la-la, la-la-la-la-la
A savage for you
La-la-la-la-la, la-la-la-la-la

A savage for you
La-la-la-la-la, la-la-la-la-la
