Jessie J

Gotta talk about today  
Taking either ways  
All the men who's in this place  
That's great (that's great)  
He believes his games to say  
Power, money, greed and fame  
The innocence to the grave  
That's great (that's great)

I can feel it on me  
His dirty energy  
His head sounds so colder now  
Make a noise now, history  
I know it ain't right, baby  
But I know I'm not alone  
You say that you were leaving  
But I won't ever leave  
If you say yes, you say no

Welcome to this life  
Every day and night  
I can feel the lights  
Hands up  
Glory  
Imma stand and fight  
Gotta do what's right  
I can feel the lights  
Hands up  
Glory

I never dreamt it up this way  
His heart jumped into bed  
You can make it better, it has to change  
That's great  
That's great  
It's the life we can't escape  
So we gotta fix it now  
On the way

That's great  
That's great

I can feel it on me  
His dirty energy  
His head sounds so colder now  
Make a noise now, history  
I know it ain't right, baby  
But I know I'm not alone  
You say that you were leaving  
But I won't ever leave  
If you say yes, you say no

Welcome to this life  
Every day and night  
I can feel the lights  
Hands up  
Glory

Imma stand and fight  
Gotta do what's right  
I can feel the lights  
Hands up  
Glory
