

IF I SAVE YOU

Jessie J

I've been here since day one
Wanting you to win
While clipping your wings
Still lifting you up
Boundaries have come and gone
My empathy was strong
I was in the wrong
By doing too much

I've been holding your hand
Time that I understand
How you gon' learn how to swim
If I save you?
I save you

Do you, can you, will you come through?
Do you know what to
Do now, right now, know how I got you?
Do you know what to do?
Do

Hide in the "Lost And Found"
'Cause you gotta see
What you could be
Without playing the clown
It's never a laughing game
Sorry I cared in the way
Had too much to say
Guess the joke is on me

I've been holding your hand
Time that I understand
How you gon' learn how to swim
If I save you?
I save you
In life we all gotta drown
Learn how to bloom from the ground
We're both keeping you down
If I save you
I save you

Do you, can you, will you come through?
Do you know what to
Do now, right now, know how I got you?
Do you know what to do?
Do

It's all on, it's all on, it's all on you
It's all on, it's all on you
It's all on, it's all on, it's all on you
It's all on, it's all on you
It's all on, it's all on, it's all on you
It's all on, it's all on you
It's all on, it's all on, it's all on you
It's all on, it's all on you

I've been holding your hand

Time that I understand
How you gon' learn how to swim
If I save you?
Save you
In life we all gotta drown
Know how to bloom from the ground
Both keeping us down
If I save you
