

# I Do

Jessie James Decker

I'd given up on love  
I'd given up on me  
Everything for you was never as it seemed  
I was running out of reasons  
I was running out of time  
I thought I'd stopped believing  
Then you showed me the light

You found me in the darkest night  
You're my angel  
You saved my life  
I can't believe we're standing here  
What's mine is yours, and yours is mine  
I love you till the end of time  
I wanna spend forever with you  
I do  
I do  
I do

I can see us  
Growing old and grey  
Standing beside you  
When we walk through heaven's gates  
Cause soulmates live forever  
From one life to the next  
We'll always be together  
I promise you this

You found me in the darkest night  
You're my angel  
You saved my life  
I can't believe we're standing here  
What's mine is yours, and yours is mine  
I love you till the end of time  
I wanna spend forever with you  
I do  
I do  
I do

They always say "you'll know when you know"  
I didn't know it could feel like this  
With every touch, with every kiss

You found me in the darkest night  
You're my angel  
You saved my life  
I can't believe we're standing here

You found me in the darkest night  
You're my angel  
You saved my life  
I can't believe we're standing here  
What's mine is yours, and yours is mine  
I love you till the end of time  
I wanna spend forever with you  
I do  
I do

I do
