

Dirty

Jessie Murph

Oh, whoa

I woke up this morning, kind of mad
Flipped the switch, I had the urge to beat your ass
Mm-mm
Turnin' up you in a different state
You fucked it up with me all kinda ways, I'm mad
Boy, I'm so mad

You wanna tell me it was nothing
Why don't you tell me I'm a fool?
Say you're sorry 'bout it
I would be too

I got no mercy
You don't deserve me, no
And you might be hurtin'
But damn it, you hurt me more
So I'll watch you suffer
Crawl back to me on broken glass
And you better love her
Regret will drive a person mad
I got no mercy
That shit was dirty
Dirty, dirty, dirty

Woke me in the middle of the night
Broken glass and all my shit outside
Girl, is you out your mind?
You swear there's something always going on
Girl, go ahead and check my phone
Ain't shit you gon' find

Oh, I told you it was nothing
She was just a friend from school
Now you're sorry 'bout it
I would be too

I got no mercy
You don't deserve me, no
And you might be hurtin'
But damn it, you hurt me oh more
So I'll watch you suffer
Crawl back to me on broken glass
And you better love her
Regret will drive a person mad
I got no mercy
That shit was dirty, mm
Dirty, dirty, dirty
