

BREAK ME DOWN

Jessie Reyez

'Member that night in that bar out in Kensington?
No one was dancing, but we didn't give a fuck all night
Made that DJ work all night
(Yeah, yeah)

Got home and polished off all of the Jameson
Dripping off every part of my body shots all night
Touching you all night all night

You're the air to my fire
Gasoline to my lighter
Wasn't healthy, but damn it was fun
Might be do for a rerun, love

'Cause I'm done wasting time being brokenhearted
When you're all I wanted
So break me down
Take it off, bust all my walls down
'Cause you're all I wanted
So break me down

Da-da, da-da-da, da-da, da-da-da, da-da
Break me down
Da-da, da-da-da, da-da, da-da-da, da-da
Break me down

'Member that night you and I didn't make it home?
Parked up in that empty lot off of Weston road all night
In the back seat of your ride
And after we peaked fell asleep in each other's arms
And the sun woke us up to cotton candy sky lines
Memories locked up in my mind

You're the air to my fire
Gasoline to my lighter
Wasn't healthy, but damn it was fun
Might be do for a rerun, love

'Cause I'm done wasting time being brokenhearted
When you're all I wanted
So break me down
Take it off, bust all my walls down
'Cause you're all I wanted
So break me down

Da-da, da-da-da, da-da, da-da-da, da-da
Break me down
Da-da, da-da-da, da-da, da-da-da, da-da
Break me down
