

No Consequences

Jessie Ware

We've seen it all in our memories
Friends, they will fall, seasons change
Time never lasts, but I'm certain
That you'll never let me go

I had a dream about you last night
You told me everything was alright
Walk in the door, quarter to nine
No consequences, baby, that's

I had a dream about you last night
You told me everything was alright
Walk in the door, quarter to nine
No consequences, baby, that's

Ooh, ooh, ooh, ooh

Love is a game that I want to play
With you, you're the prize I keep winning
(Everyone's a winner)
Would you hold me?
(Ah-ah)
Would you tell me
(Ah-ah)
That you love me and never leave me?
(Ah-ah, ah-ah-ah-oh-ohh)
With you there's a love that's worth giving

I had a dream about you last night
You told me everything was alright
Walk in the door, quarter to nine
No consequences, baby, that's

I had a dream about you last night
You told me everything was alright
Walk in the door, quarter to nine
No consequences, baby, that's

Oh-oh-oh
Oh-oh-oh

I believe you are free to fall in my arms tonight
By the moon, I will love you till I die
I believe you are free to fall in my arms tonight
(I believe you gotta be free, you gotta be free, you gotta be free)
By the moon, I will love you till I die
(I believe you gotta be free, you gotta be free, you gotta be free)

I'm in love with you, and you want me too
Everyone's a winner (You gotta be free)
I'm in love with you, and you want me too
Everyone's a winner (You gotta be free)
I'm in love with you, and you want me too
Everyone's a winner (You gotta be free)
I'm in love with you, and you want me too
Everyone's a winner

I had a dream about you last night
You told me everything was alright
Walk in the door, quarter to nine
No consequences, baby, that's
