

Sauna

Jessie Ware

Temperature rising
I'm hot with a fever
Do you know what's good for you?
I'm in heaven, reclining
On sweat-dripping cedar
Do you know it's good for me too?

I want the boys who seek the joy
In every corner of the spa
I wanna take off in the night
And land in someone else's arms

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna
If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna

Pour heat on the stones
People coming and going
Need a red-hot physical touch
Baby, heightens my senses
Not here to pretend
I need a wood-chopping, God-given love, oh

I want the boys who seek the joy
In every corner of the spa
I wanna take off in the night
And land in someone else's arms
I wanna whisper something naughty
Take my clothes off in the party
Turn that timer off, you animal
This room is getting hot

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna

Climb aboard my chariot
To the sun
Climb aboard my chariot
To the sun

If you wanna
(Climb aboard)
Last longer
I don't need faster
(My chariot)
I need stronger
Take it to the sauna
(To the sun)

If you wanna
(Climb aboard)
Last longer
I don't need faster
(My chariot)
I need stronger
Take it to the sauna
(To the sun, to the sun)

If you wanna
Last longer
I don't need faster
I need stronger
Take it to the sauna
