

## Step into My Life

Jessie Ware

Look into my eyes  
When we're together, ain't nothin' better  
So I'm gonna get ya  
But are you worth my while  
Or are you playing?  
That's the question I keep asking myself

But it feels so right  
When I feel your eyes  
Maybe for tonight  
Can I feel your body?  
Baby, that's enough  
(Now's the time to step into my life)  
Ooh  
And it feels so right  
When you catch my eyes  
Maybe for tonight  
Would you catch my body?  
Don't be scared to touch  
(Now's the time to step into my life)

Give into me  
Show what you're feeling  
In harmony  
Show me you need me, boy

You got my attention  
No complications  
I just wanna get to know ya  
I don't wanna talk  
No conversation  
I'm tired of wanting more  
More of your love

But it feels so right  
When I feel your eyes  
Maybe for tonight  
Can I feel your body?  
Baby, that's enough  
(Now's the time to step into my life)  
Ooh  
And it feels so right  
When you catch my eyes  
Maybe for tonight  
Would you catch my body?  
Don't be scared to touch  
(Now's the time to step into my life)

Give into me  
Show what you're feeling  
In harmony  
Show me you need me, boy  
Give into me  
Show what you're feeling  
In harmony  
Show me you need me, boy  
Give into me

Show what you're feeling  
In harmony  
Show me you need me, boy (Now's the)  
Give into me (Time to step in)  
Show what you're feeling (To my life)  
In harmony  
Show me you need me, boy

Give into me  
Show what you're feeling  
In harmony  
Show me you need me, boy (Now's the)  
Give into me (Time to step in)  
Show what you're feeling (To my life)  
In harmony  
Show me you need me, boy (Now's the)  
(Time to step into my life)  
(Now's the time to step into my life)
